Who are we?

Maison de la Gare is a local Senegalese development initiative. The organization makes it possible for Talibé children to have access to education, health care, sports and other activities. Maison de la Gare is also a leader in lobbying for the Talibé cause, an issue which is gaining increasing visibility in both Senegalese political debate and at the international level.

In order to achieve its objectives, Maison de la Gare's team has established and gives high priority to nurturing strong relationships with Senegalese authorities and, even more important, with the Marabouts who are the key to bringing about real change.
